Counselors Corner

Here are **Five Tips for Studying for Tests** that you may find helpful for your child.

- 1. Get enough sleep:** Sleep allows our bodies to repair themselves, and our brain to consolidate our memories and process information.
- 2. Use a study buddy:** Learning the material with a friend helps you remember the information.
- 3. Download helpful apps:** Download apps to help you study quizlet.com studyblue.com and memrise.com.
- 4. Take breaks:** Prevent burnout by stopping what you are doing and do something else. Create a different atmosphere, add some novel-ities in your daily routine.
- 5. Don't procrastinate:** Create a routine to study a little each day prior to your test.

Dodgeball Tournament

Our annual KH Dodgeball for a Cause tournament is quickly approaching!

The deadline to turn in team roster and entry fee to Coach Gottsponer is **Monday, May 20th!**
